## SAVI'S WORKSHOP— 7 HANDBUILT LIGHTSABERS

Customize your own legendary lightsaber and become one with the Force\*

### BUILD A CUSTOMIZED LIGHTSABER

You can construct your very own one-of-a-kind lightsaber and bring it to life through the power of kyber crystals. Builders beware—you must protect the shop's secrecy to avoid being discovered by the First Order!

Select from the following lightsaber themes:

#### PEACE AND JUSTICE

Utilize salvaged scraps of fallen Jedi temples and crashed starships in Republic-era lightsaber designs that honor the galaxy's former guardians.

#### POWER AND CONTROL

Originally forged by warriors from the dark side, objects used in this lightsaber style are rumored remnants from the Sith homeworld and abandoned temples.

#### ELEMENTAL NATURE

Craft your lightsaber from special components born from the Force—an energy created by all living things, like Brylark trees, Cartusion whale bones and even Rancor teeth.

#### PROTECTION AND DEFENSE

Incorporate hilt materials bearing mysterious motifs and inscriptions that reconnect users with the ancient wellspring of the Force.

*\*Subject to availability*

Subject to capacity. Reservations required to visit *Star Wars*™ Galaxy's Edge between May 31 and June 23, 2019.
